Clevenger's Directory

of

Farmers and Breeders

UNION COUNTY
INDIANA

1919—1920

THE RICHMOND ITEM
RICHMOND, INDIANA
SOLE DISTRIBUTOR

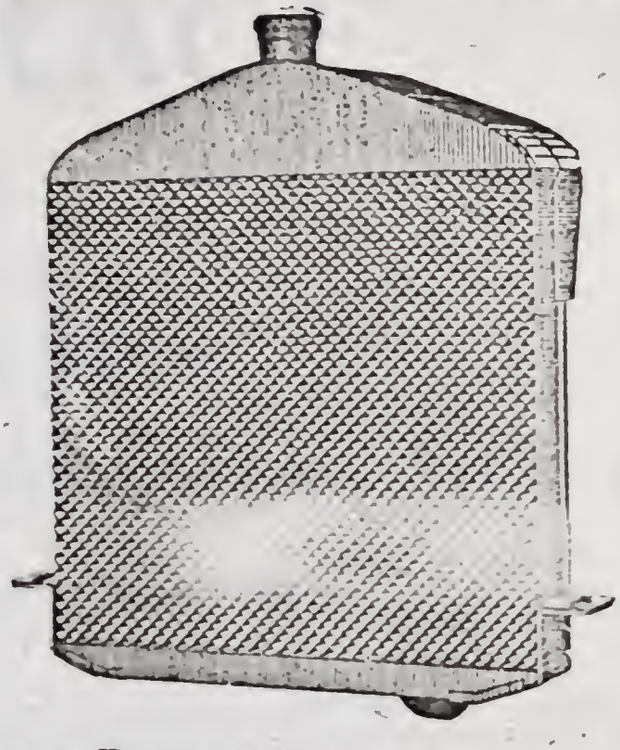
BEVERLY YOUNT

Lober Non-Burstible Radiator

WE ARE DISTRIBUTORS

A Radiator That Will Not BURST from FREEZING

When the water freezes, the tubes expand and then are returned to normal position by wide brace springs placed between each water tube section. This type of radiator insures to every car owner absolute freedom from radiator trouble, freezing in winter and overheating in hot weather. This non-burstible core installed in any make of radiator at about one-half the cost of a new radiator.



Auto Radiator Repairing

U.S.L.
U.S. LIGHT & HEAT CORPORATION

The Best Equipped Shop in Indiana

Rebuilt Ford radiators for any model Ford. We will trade a new or rebuilt radiator for your old radiator. Our recirculating method of radiator repairing does more than stop the leaks—it restores the circulation to your radiator. We are also equipped to do all kinds of fender and tank repairing.

Storage Battery Service Station

The U. S. L. sign means competent advice and careful battery service.

Honest repairs at honest prices on an 8-month guaranteed adjustment basis, whatever the make of your battery.

We sell the U. S. L. "Dry Charged" Battery, each one as fresh—as new—as powerful as if you obtained it at the U. S. L. factory door.

This is the home of the U. S. L. Battery with machine-pasted plates sold on a 15-months' guaranteed adjustment plan.

To The Farmer

In preparing and presenting this directory to the farmers and breeders of Union County, The Clevenger Directory Co. is paying a tribute to the increased importance which the business of farming has taken in this community in very recent years.

With better roads, automobiles, interurban lines and telephones, farming no longer means an isolated life such as it implied when it required the best part of a day to go to town and get back home. After feeding stock and eating their evening meal, the farm family living in one part of the county can now get into their automobiles and spend a social evening with friends in a distant part of the county and return home in time to be early to bed. In a business way as well as in a social way, life on the farm is today little different from life in town, except that the farmer surely gets better air and fresher food than his brother in town.

The ease of communication with other farmers has made it a necessity that the farmer should have information regarding others in the same business as himself throughout the county. The Farmers and Breeders' Directory supplies this need. There are scores of ways in which this directory can be put to daily use by the progressive farmer.

It is only through the co-operation of the stockmen, merchants, manufacturers and others advertising in this directory that the publishing of such a book at a price within the reach of the average home is made possible. The Clevenger Directory Co. recommends these advertisers for your patronage.

The Clevenger Directory Co. believes that this directory will be of service to the farmers of Union County and that it will contribute no small part toward making the farmers of the county better acquainted with each other and that through this book, farm life will be made not only more profitable but more enjoyable.

Knollenberg's Store

We think we know the Dry Goods business. We think the public believes we do. Certainly fifty-four years of faithful effort should qualify us as competent Dry Goods merchants, and each succeeding year we have endeavored to do things a little better—to study more closely the taste and desires of our patrons—to supply wanted, stylish, worthy merchandise—to be first, always, whenever dry goods were concerned, and a large proportion of the buying public has learned to implicitly rely upon this store for authentic style in wearing apparel.

We want it known that this store caters to all the people and that whether you buy the most expensive class of Dry Goods, or must exercise economy you are always accorded the same consideration here. We have by far the largest and most attractive Dry Goods store in Richmond and we beleive we can give you better value at whatever price than you can get elsewhere. This is largely because of our knowledge of the Dry Goods business, coupled with our large buying facilities. We want you to know this store—how complete it is and how well it is prepared to serve you.

Any dry goods need that you could possibly have can be promptly supplied here. When you think of Dry Goods you should think of

CHIROPRACTIC
FOR HEALTH

Why suffer with headache, rheumatism, neuritis, blood pressure, neuralgia, sciatica, lumbago, stomach, kidney, bladder, liver and other acute and chronic troubles, when Chiropractic can restore you to health? Be progressive. Investigate, Chiropractic has restored thousands to health, and it can do the same for you.

SULPHUR VAPOR BATHS

We have now installed separate departments exclusively for Ladies and Gentlemen. Expert attendants for each. The most perfect bath. A course at this Institution saves the expense and time of a trip to different Hot Springs, with the same beneficial results.

Health Baths, Tonic Baths, Beauty Baths.

"IN BUSINESS FOR YOUR HEALTH"

Ten Reasons Why the Delight Surpasses All Self-Feeders

1. Because it is a Self-Feeding Device that is mechanical, strong and durable in construction, comparatively light in weight, easily managed and controlled, efficient in practice, economical in use, manufactured from suitable material, reinforced with iron where necessary and creosoted throughout, after which the roof and end-walls are painted with the Big Four Yellow, and sold at a comparatively low price.

2. Because it is manufactured in various sizes to suit the size and number of animals to be fed, as follows:

A-10 has 5 standard feed stalls on each side; accommodates 40 head of hogs or sheep of average size. Capacity 900 pounds.

B-8 has 4 large feed stalls on each side; accommodates 30 large hogs or sheep. Capacity 1000 pounds.

A-16 has 8 standard feed stalls on each side, accommodates 65 head of hogs or sheep of average size. Capacity 1500 pounds.

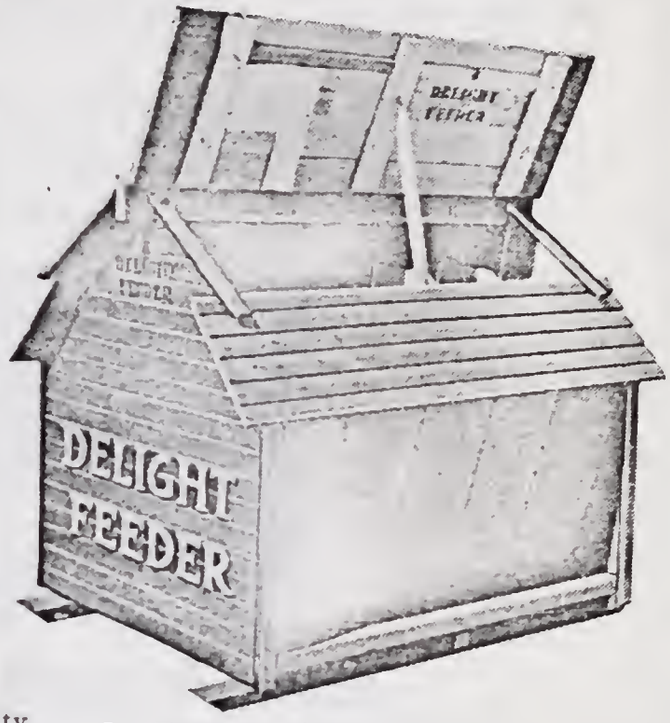
B-14 has 7 large feed stalls on each side; accommodates 55 large hogs or sheep. Capacity 2000 pounds.

3. Because it has two water-shedding floors on which the front feet of the animal may stand when feeding, and permits them to eat more deliberately even when the feeder is resting on soil that is soft.

4. Because it comprises two angle troughs, the inner sides being secured together at their upper edge, immediately under the throat of the receptacle, causing the feed to gravitate to the bottom of the troughs and in reach of animal when feeding.

5. Because it comprises a plurality of inner agitating doors, that are provided with spikes that comb the feed, in case the feed compacts in the receptacle, when the animal presses against the door in order that it may get to the feed; each animal agitating its own feed, and only the proper amount, when the feed shuts off automatically.

6. Because it comprises a plurality of spaced stall partitions, dividing the troughs into feed stalls, each accessive to but one animal at a time, prevents crowding one another and positively prevents them from rooting out the feed and wasting it in any manner.



7. Because the partitions in the receptacle are removable and always placed in alignment with stall partitions, and various sized bins formed, without the feed mixing, as Nature intended. There being two partitions placed in the receptacle when manufactured.

8. Because the feed stalls are enclosed with swinging doors, a door for each stall. Easily and quickly operated by any small animal and prevents loss or damage of feed by poultry, wind or rain. Easily and quickly removed, they being suspended to round rods running the entire length of feeding device, channeled at the lower ends and projects over an iron covered plate, which prevents water getting into feed stalls.

9. Because stock raising can be made a safe and profitable investment by installing the Delight Self-Feeder on the farm. The one real feeding device that enables the farmer to feed the desired amount and kind of food, tonics, laxatives, vermifuges, minerals, etc., each animal having its own selection as Nature intended and without a particle of waste or damage of feed.

10. Because it is sold entirely on its merits, every owner a booster and a satisfied customer, or money refunded.

If You Are Feeding Hogs---Feed Scientifically

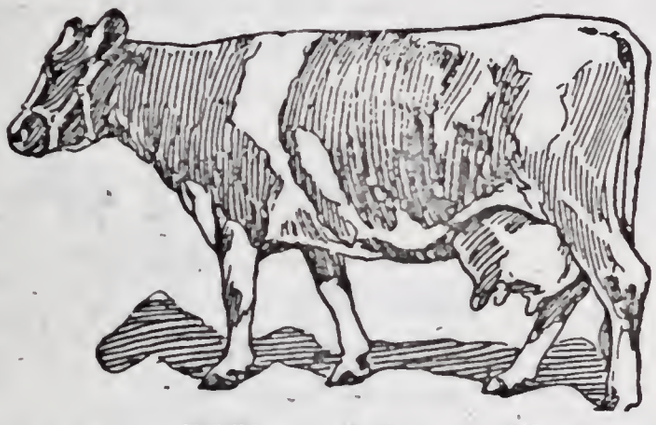
WINCHESTER, INDIANA

How To Advertise Your
PUBLIC SALE

The old way of advertising a Public Sale was by the posting of "Sale Bills." This method is no longer effective. The best way of notifying the farmer of your sale is to advertise in the newspaper he reads.

The paper of greatest farm circulation naturally will bring the largest crowd of buyers. If your sale is not advertised in The Item you are not reaching many farmers and cannot expect the buying crowd that others get who use this paper.



Reasons Why Most Farmers
Read THE ITEM

First: Because The Item has full Associated Press leased wire Service and gives you all the news when it's news.

Second: Market Reports are received by telegraph, giving you the very latest and most comprehensive reports of any paper in this district.

Last but not least: The Item carries a Farm Page each Saturday which is of great interest to all farmers.

Let us help you write your Sale Bill. Write or Phone us.

The Richmond Item

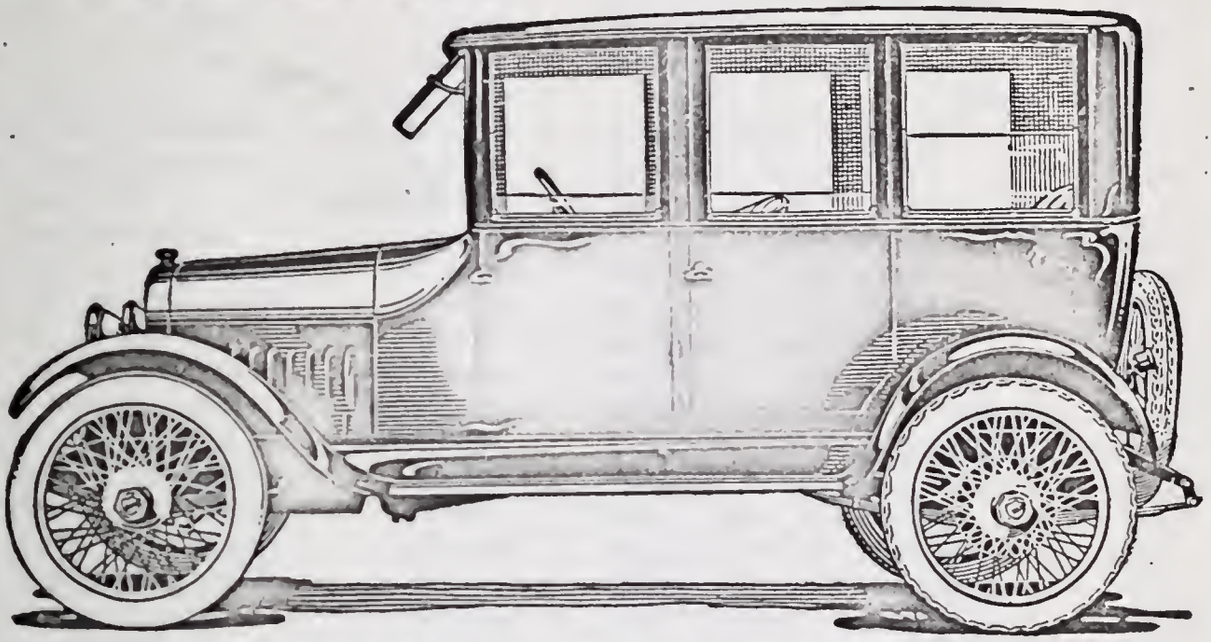
Maxwell



THE FARMER---HIS AUTOMOBILE

The farmer's car must be sturdy, rugged and long lived to stand the goff of farm use and rough roads.

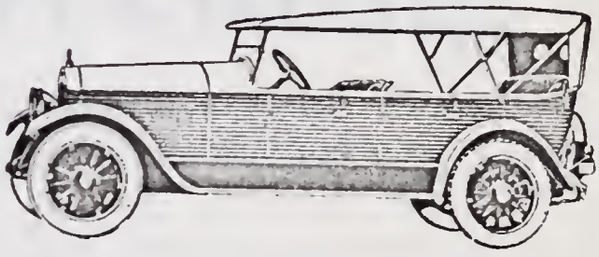
The Maxwell has stood the test through years of use and is to-day the most popular car among farmers in all parts of the country.

The closed model Maxwell shown above is an ideal car for use in winter as well as summer. This model is luxuriously upholstered and finished for comfort throughout.

Maxwell's sold on easy payments if desired—come in and get our plan. We are Maxwell Distributors for Wayne and Union counties.

The Cole Aero-EIGHT

"The Aristocrat of American Automobiles"



The Cole "Aero Eight" is the most popular of modern cars. Built on beautiful lines, in eight models including the latest ideas in all season design; prompt deliveries assured.

We are Cole Distributors for Wayne, Randolph and Union Counties.

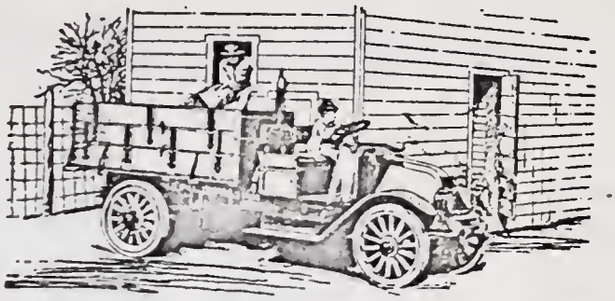
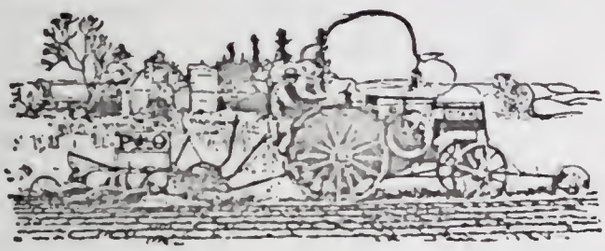
The International Harvester Creed



We appreciate every order a farmer gives for one of our machines because we see in that order an expression of his confidence in us, in our policies and in the quality of our product. The farmer who buys an International machine pays us a compliment. He says in effect, "This is the best machine on the market for my purpose." His faith in us inspires us to keep faith with him.

A sale of one of our machines means something more to us than the delivery of a machine by the dealer. Every International machine is designed, built and sold to do certain work. It is as essential to us as to the farmer that its work be well done and that the machine prove satisfactory to the buyer, because it is only then that we retain his confidence and can hope for his future business. Our most valuable asset is the confidence of the thousands of farmers who buy our machines regularly.



We hold our customers by keeping faith with them, by supplying them with machines of unquestioned high quality, by giving any instruction or assistance necessary to the good work of the machines in the field, and by prompt, cheerful service whenever and wherever service is needed.

Choose your implements from the following list, and get quality and service. Call on us or write for information.

The Relationship of Good Crops and Diamonds

A number of conservative farmers have purchased Diamonds and have told us that they had always wanted to own a good diamond, and while they are enjoying top prices for their crops and live stock they decided now was the time to buy.

And why not? They were perfectly right and you, too, can very wisely make your decision to buy now. Your crops are at high water marks and will likely stay high, while diamonds are lower than they will ever be again. Diamonds are sure to advance from 25 to 75 per cent. in the next few years. How can you posibly make a better and safer investment?

Jenkins & Co. are the leading Diamond Merchants in this section. We invite your inspection and will show you unequalled selection and superb values.

Jewelry

We present to you not only the staples but hundreds of novelties that are so pleasing and desirable for gifts.

Our watch department is a special feature of our business and we sell every nationally known standard watch. We show an assortment of sizes and designs for both men and women that you will not find elsewhere.

Silverwear

Long noted for our leadership in this branch of our business we have added to and enlarged this department and now compare only with leading stores in the largest cities. You will be charmed with the wondrous display of both our solid and our plated silver. Whether for home use or for gift purposes, you will profit by purchasing silver here.

An Opportunity for Girls

To Learn a Good Trade

At the "ATLAS" every girl has a chance to learn a trade that will insure her future independence.

The "ATLAS" is the finest and most sanitary knitting mill in the United States; every floor is airy and sunlit, spotlessly clean and kept clean.

Every precaution is taken to make the interior of the "Atlas" factory just as healthful and pleasant as out of doors. The trade you will learn here will be useful to you almost any place in the United States.

Good Pay--Promotion--Light Work

The work is light and chances for promotion to higher positions are excellent. Every Atlas employee must be of good character and an earnest conscientious worker—we want no other kind.

In return for loyalty and co-operation every employee draws good pay and enjoys the privilege of membership in the Atlas Christmas Club as well as the other social organizations of this company.

Investigate to-day. If you can't call, write for more particulars or phone 1845.

A Position is Aw ating You
